PART VI

PUBLIC ADVERTISEMENTS

OFFICE OF THE PUBLICITY OFFICER TO THE GOVERNMENT OF MYSORE, PUBLIC OFFICES, BANGALORE.

Press Note

Dated 12th September 1949.

A meeting of the Policy Committee for Industries and Commerce of the Mysore Economic Conference was held in the Chambers of the Commissioner of Economic Development and Planning in Mysore, Bangalore at 3 P.M. on Monday the 29th August 1949. *Dharmaprakasa* Sri L. S. Venkaji Rao, Member, Legislative Council, presided. Sri J. B. Mallaradhya, Commissioner of Economic Development and Planning in Mysore, Bangalore, Janab M. Hayath, Chief Electrical Engineer in Mysore, Bangalore, *Rao Bahadur* Captain A. Thangavelu Mudaliar and Sri Mulka Govinda Reddy, B.A., LL.B., Member, Representative Assembly, were among those present.

One important subject discussed at this meeting was a scheme formulated by Messrs. The Mysore Glass and Enamel Works, Limited, Bangalore, for the manufacture of glass tubing, rods and ampoules with automatic plant. The Committee examined the scheme in all its details together with its financial implications and found that having regard to (i) the availability of plenty of superior type of raw-materials; (ii) trained technical personnel that the Mysore Glass and Enamel Works Limited possessed; (iii) the enormous demand for the manufactured products; and (iv) the absence of any appreciable competition, that this is a scheme which deserves every support and encouragement from the Government and that the prospects of making this project, an economic success were very bright. The scheme is estimated to cost Rs. 5,00,000 inclusive of the cost of machinery to be imported from America. Sri Shankar Rao P. Ogale, the Managing Agent of the Mysore Glass and Enamel Works and Sri Shama Rao Ogale, B.Sc. (Bom.), B.Sc., (Eng.) (Glasgow), Glass Expert, who had considerable experience and practical training in the manufacture of all varieties of glassware in United Kingdom and other parts of the Continent for over four years were also present to explain the full details of the scheme. It was brought to the notice of the committee that the firm which has quoted for the supply of machinery is one of the foremost among manufacturers in this line. One important consideration that the Committee had in view to recommend sanction of the scheme was the necessity to produce special quality glass in India for which there was a continous and insistent demand. Under existing conditions, the cost of melting by using Bengal Coal was very high and a scheme where the cost of melting glass of minor importance was to be preferred. The new scheme provides for a special process of manufacturing tubings drawn in uniform sizes without any strain and without the need for annealing. There is good demand for these products and there is no fear of any serious competition from foreign countries and there is demand for the entire output contemplated in the scheme. The rated capacity of the plant was the production of 600,000 ampoules of 15 mm. size with an outside diametre of 20 c.c. capacity per month ready packed for transport and 40,000 lbs. of glass tubings and rods ready packed in boxes for transport.

The other scheme that came up for consideration was the one relating to the VILLAGE INDUSTRIALIZATION by Sir M. Visvesvaraya. After some preliminary discussion, the Committee resolved that the Chairman may invite some Ministers and heads of departments and non-officials for a further discussion of the subject.

In regard to the scheme suggested by Sri B. S. Narayana Rao, for the manufacture of Power Plant Machinery in Mysore State, the Committee felt that necessary action had already been taken by Government of India and the mission appointed by them had been furnished with all the required information to enable them to arrive at a decision. The Committee resolved that the final proposals on this behalf by the Central Government may be awaited. It was considered however, that Sivasamudram was unsuited for the location of the industry from many points of view.

Press Note.

Dated 12th September 1949.

All the old students of the School of Engineering, Bangalore are hereby informed that, from this year, the Diplomas and Certificates will be issued in an Annual Function in the first week of December. Those who have finished 280 days of Practical Training as required by rules are requested to submit the Practical Training Certificates. Those who are receiving the Diplomas and Certificates in person should intimate the Principal to that effect. Those who are unable to be present in person have to give the address to which the Diplomas and Certificates will have to be sent. The applications with the necessary certificates should reach the Principal not later than the 1st of October 1949. Diploma and Certificates will not be issued in the middle of the year.

(P. N. No. 89—12-9-1949—10,901—11,000).

Press Note.

Dated 13th September 1949.

A local daily newspaper has dwelt at length in its editorial on the industrial policy of the State as well as the Central Government and has pointed out that the present policy is fraught with danger inasmuch as many of the industries are being concentrated in the Cities as a consequence of which there is a general rush of population from the rural areas to the urban. Government wish to point out that there can be no two opinions regarding the need for dispersal of industries. In fact, the Government have made this point clear on a number of occasions right from the beginning of the Popular Government. But, the editorial is rather distorted from facts as they exist to-day. Not only are rural industries on cottage industries basis being taken on hand at present, but also the starting of big industries in rural parts is being encouraged. The starting of the Textile and Paper Mills and the Cement Factory at Nanjangud, the Tile Factories at Gudibanda Hassan and Channagiri, the Chemical Fertiliser Factory at Bhadravati, the Sugar Factory in the vicinity of Shimoga and the proposal to have an Industrial Workshop in each District and the establishment of Industrial Schools and Technological Institutions in places other than Bangalore and Mysore Cities are a few of the instances where ruralisation of basic industries is being actively pursued by Government.

Even some new large-scale industries that need the special facilities including what broad guage offers are provided with sites not in Bangalore or Mysore Cities but sufficiently distant from them to avoid congestion in the Cities. The planned location of industries is one of the marked features of the State.

(P. N. No. 90—13-9-1949—11,001-11,100).

1907

Press Note.

Dated 13th September 1949.

As a measure of relief to the atchkatdars who have suffered on account of the failure of the wet crops under the atchkat of certain thirty-seven tanks in Chiknaikanahalli Taluk owing to inadequate supply of water consequent on the failure of rains during 1948-49, Government are pleased to sanction the seasonal remission of half-wet assessment in respect of the atchkat lands measuring 2,428 acres 5 guntas under the

id tanks, for 1948-49. The aggregate sum to be remitted is s. 4,968-6-0.

(P. N. No. 91—13-9-1949—11,101-11,200)

Press Note.

Dated 13th September 1949.

OMPLAINTS REGARDING QUALITY OF FOODGRAINS ISSUED IN RATION SHOPS.

The following Press Note dated the 15th July 1949 is published for general information:—

"Complaints regarding the quality of grains supplied at the tion shops in different parts of the State are often made to overnment but as some time elapses by the time they are ferred to the authority responsible to rectify such defects, fective action cannot always be taken. With a view to abling speedy action being taken on such complaints, ggrieved persons may approach or present petitions to the llowing officers of the Food Department relating to grievances ithin their respective jurisdictions:—

1 The Director of Food Supplies.
2 The Deputy Commissioners of Districts.
3 The Chief Rationing Officers of Mysore and Civil Station, Bangalore.
4 The Rationing Officers of Bangalore, Mysore, Kolar Gold Field and Davangere.
5 Amildars of Taluks.

"All complaints regarding quality, etc., should mention the llowing particulars of—

(i) Ration Card number of the complainant.
(ii) The name, number and address of the ration shop supplying the grain.
(iii) The date or dates and time at which the grain was supplied.
(iv) The number of the cash receipt given to the consumer by the ration shop, and
(v) The exact nature of the complaint.

"Government trust that the Officers of the Food Department will bestow adequate attention to such complaints as uickly as possible and take suitable action to redress genuine rievances".

(P. N. No. 92—13-9-1949—11,201-11,300).

Press Note.

Dated 13th September 1949.

The Government constituted in December 1942 a Press dvisory Committee consisting of certain representative urnalists. The Committee was consultative in character aling with such matters affecting the Press as were referred to it by Government. It was last reconstituted in June 945, for a period of one year. This Committee ceased to nction, however, after the expiry of that period.

The Government have now constituted a Press Advisory ommittee for a period of one year. The scope and purpose the Committee will be to advise the Government on all matters relating to the Press in general, and in particular to express its views in cases referred to the Committee by the Government. The Committee will consist of 11 representative journalists, one of whom is its Convenor.

Simultaneously with the constitution of the Committee, Government, with a view to maintaining happy and cordial relations with the Press, have ordered the withdrawal of all action, preventive or punitive, taken against newspapers since October 24, 1947.

Press Note.

Dated 14th September 1949.

PLAGUE CONTROL IN DAVANGERE TALUK.

Four Health Probationers deputed from the Office of the Director of Public Health, Bangalore, one Assistant Medical Officer of Health, drafted from Hiriyur Health Unit, and eight Health Inspectors have been doing intensive control work in the plague-infected villages of Davangere Taluk from 1st September 1949 under the direction of the District Health Officer, Chitaldrug District. During the ten days from 1st September 1949, to 11th September 1949, they have visited 65 villages for conducting mass inoculation work. So far 13,200 anti-plague inoculations have been given and 12 infected villages have been intensively cyanofumigated.

The infection is well under control.
